

For Businesses Small and Large

Export Regulations and Compliance

Seminar Overview

Making sense of the changing laws and regulations surrounding exports and international shipping can be tricky. Nevertheless, keeping up with the changes and setting up and maintaining a compliance program is necessary and can be efficiently done. In this half day seminar, Houston companies can learn new changes and time saving methods and advice while gaining an overview of compliance related laws and regulations.

Agenda

7:00 a.m. – Registration, Networking & Breakfast served

7:30 a.m. –10:00 Export Compliance: Controls, Licenses and Exceptions, Managing a Compliance Program

10:15-11:15 Inspection, Certification, Testing

- Introductions: Brendan Kelly, USDOC Houston; Using Company Profile Program
- Mr Jim Anzalone, Compliant Assurance: Managing Your Compliance Programs for Exports
- Mr Juergen Buller, SGS North America: Product Conformity Certification, Verification and Inspection

Why Comply For Exports?

Compliance Assurance President Jim Anzalone has been a frequent presenter at seminars with the US Commercial Service. His topics here will include Export Controls (ITAR, EAR, FTR), Scope of the EAR, Licenses and Exceptions, General Prohibitions, and implementing your own Export Management and Compliance Program.

SGS is one of the world's leading providers of Product Conformity Assessment, verification, testing and certification. SGS Services will present at this seminar series what Product Conformity Assessment is, the foreign country requirements of having Certificates of Conformity and related topics required for shipping.

Space is Limited. Register Today.
